

The Self-Registration process for devices to the Ursinus Registered Wifi network allows students, faculty and staff to “authorize” the use of their own device on the *Ursinus Registered* Wifi network. To utilize the network, users must enter their Ursinus credentials as well as the MAC address for the device they are registering. Up to 5 devices per individual can be registered.

1. To register a device, click on the following link: https://nac-myrin.ursinus.edu/self_registration
2. Enter your Ursinus **USER NAME** and **PASSWORD**:

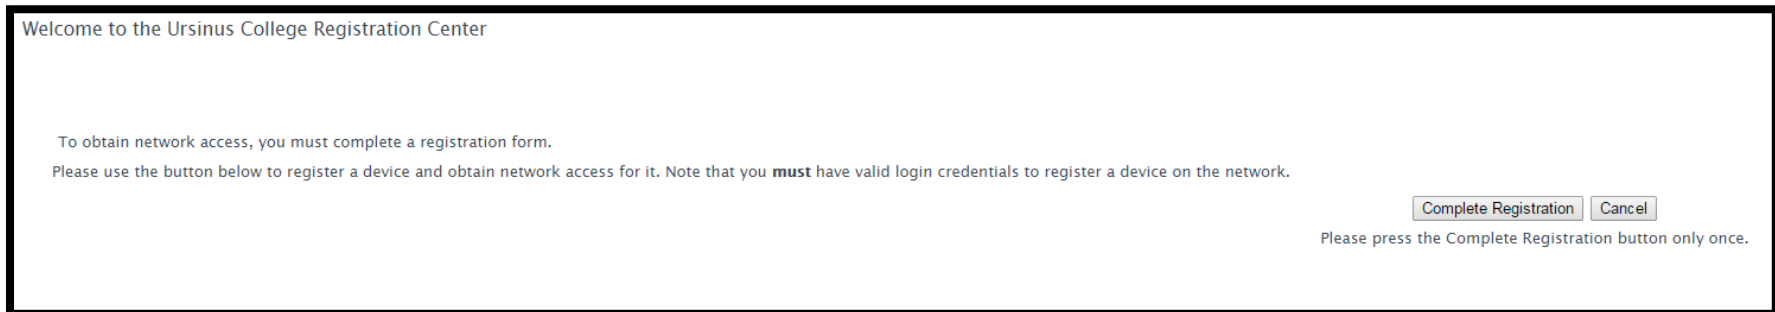

Please enter your login credentials to access this service.

*User Name:

*Password:

3. The first time you log in, you will see the following. Click on **COMPLETE REGISTRATION**.

Welcome to the Ursinus College Registration Center

To obtain network access, you must complete a registration form.
Please use the button below to register a device and obtain network access for it. Note that you **must** have valid login credentials to register a device on the network.

Please press the Complete Registration button only once.

- To register a device, click the **ADD** button.

NOTE: You will need the MAC address of the device you would like to connect to the network. If you need assistance finding your MAC address please contact Tech Support

<input type="checkbox"/>	MAC Address	State ▼	Description
No Records Returned			
<input type="button" value="Add"/> <input type="button" value="Edit"/> <input type="button" value="Delete"/> <input type="button" value="Approve"/>			

- Enter the **MAC ADDRESS** and **DESCRIPTION** for the device you are registering. Once you have everything filled in click **SUBMIT**.
