

Chanelle Seward Character Profiles

Ethen

"Who is Ethen? Well nobody really knows who he is not even himself. He woke up one day in a field of ashes with no memory of who he is and why he is here. He doesn't even know if the scars on his neck were self-inflicted or someone had put them there. However he isn't alone, Tivi, an unfamiliar face that comes with a deep sense of familiarity, is the light in his time of darkness. Where will their journey take them? Well, only *time* will tell...

Prost

Prost; the fool, a young man who grew up alone in this world. His temper is as short as his stature and his heart has little room for love. Why should he love anything in this world when no one has ever loved him? To him, love is a foreign concept unless you count his love for shiny things and money. His love for material items leads him to a life of a charlatan, giving people false but believable fortune readings for a high price. One day someone gave him a fortune of his own branding him with two roman numerals under the major arcana XIII and XXI, Death and the World...

Tivi

An experiment pieced together with no real purpose. Violent, playful, yet innocent Tivi embarked on her own journey to find her place in the world. The place she ended up was within Ethen's heart. Now they journey together with fates intertwined till the end of time...

Casanti

They say that you should be wary of demons; they also say that you should be wary of sugar. Well, what do they know? Just like candy Casanti is sweet but too much could be deadly. Known as the dream eater Casanti is a beautiful but deadly force to be reckoned with. A succubus who manages to capture the hearts of many but now the tables have turned. Feli, ethereal, good-natured, and strong-willed has managed to capture her heart without even knowing. But Casanti is selfish; she won't let this love get in the way of her goals, her dream... Not Feli's warm smile and not Kadens cold but calculating gaze.

Kaden

The surviving heir to the Ontiveros clan is what many know the ever enigmatic Kaden as. But he knows he's not the only one who survived the blast that night...Cunning, secretive, calculating, and noble, Kaden won't rest until his sister is found. For now, though, he travels with Feli assisting her on her journey to find the tree of life while keeping a close eye on Casati. He doesn't like the dangerous aura that surrounds the Dream Eater...

Feli

Feli doesn't need her sight to tell how beautiful the world around her is, instead she relies on her other four senses to do so. Gifted with the power of the now deceased goddess Panohari, she embarks on a journey to restore life into a dying world. Along the way she is joined by two people Kaden and Casanti whose motives still remain unclear to her. She welcomes her new found companions with an open mind and open heart knowing that the road ahead of them will be tough. It's a race against time as she sets out on an adventure that will not only affect their home but the entire universe.
