**Department Core Required:** Students seeking certification in Environmental Education must fulfill a major in Environmental Studies. All students majoring in Environmental Studies must take a minimum of 12 courses, including ENV-100, an internship, an elective, and one course from each of the following categories: introductory natural science, intermediate natural science, advanced natural science, introductory social science or humanities, introductory synthesis, intermediate synthesis with community engagement and applied problem-solving, intermediate synthesis with interdisciplinary data analysis and problem-solving, advanced critical thinking, and capstone. At least two of three natural science courses must have a S designation (BIO-101 and one from either the introductory or advanced natural science categories below). All ENV majors are also encouraged to complete a minor (or major) in an additional field of study. Environmental Studies majors fulfill the college requirements for writing, oral presentations, and capstone experience by completing one of the Environmental Studies capstone courses: ENV-450W, 452W, or 454W. The ENV capstone courses also convey the applied nature of ENV by engaging students in an applied group project. These projects typically entail a partnership with either an off-campus organization or another (i.e., non-ENV) branch of the College. The ENV curricular requirements are as follows:

**ENV core courses (must complete all of the following):**

ENV-100 \_\_\_\_\_

**One introductory natural science course** (BIO-101Q; CHEM-101Q/101L; ENV-140Q, 142; or, if the department chair approves, ENV-112) \_\_\_\_\_

**One intermediate natural science course** (ENV/BIO-234, ENV-244, 266, 268, or, if the department chair approves, ENV-350) \_\_\_\_\_

**One advanced natural science course** (ENV/BIO-310, 320, 325, 330, 334, 336, 365, 415W, 455W; ENV-370, 372, or, if the department chair approves, ENV-350) \_\_\_\_\_

**One introductory social science or humanities course** (ENV-110, 111, 216, 238; ENV/SOC-220; ENV/ANTH-230; ENV/PHIL-248; ENV/PSYC-260; ENV/ENGL-262; ENV/SOC-288; ENV/SOC-290; ENV/HIST-254; ENV/MCS-302 or, if the department chair approves, ENV-350) \_\_\_\_\_

**Three synthesis courses (one from each of the following synthesis categories):**

**one introductory synthesis course** (ENV-242, 272, or, if the department chair approves, ENV-350) \_\_\_\_\_

**one intermediate synthesis course with community engagement and applied problem-solving** (ENV-332, 338, 340, or, if the department chair approves, ENV-350) \_\_\_\_\_

**one intermediate synthesis course on interdisciplinary data analysis and problem-solving** (ENV-360, 366, or, if the department chair approves, ENV-350) \_\_\_\_\_

**Environmental Studies Department**  
**Teaching Concentration (TC) (Two Pages)**

**One social science course in advanced critical thinking:**  
ENV-428W, 430W, or, if the department chair approves, ENV-350) \_\_\_\_\_

**One advanced synthesis capstone course in synthesis, integration, and community engagement:** ENV-450W, 452W, or 454W \_\_\_\_\_

**Completion of an internship:** ENV-381 or 382  
\_\_\_\_\_

One ENV elective - For their elective, ENV majors must complete one of the following: an additional course from any of the non-internship categories listed above, four credits of ENV practicum (ENV-001 – ENV-008), four credits of directed research (ENV-391, ENV-392), or MATH/STAT-141Q. Only one three- or four-credit internship will count toward the major requirements. Substitutions may be made with the approval of the ENV Chair.  
\_\_\_\_\_

In consultation with the ENV Chair, students may petition to have ENV-481W or 482W (independent research), or ENV-491W and 492W (honors research) satisfy requirements in one of the natural science, social science/humanities, or synthesis categories. For independent or honors research to fulfill the major requirements, students must have completed 12 semester hours of environmental studies courses, including ENV-100, and receive permission of the ENV Chair.

ENV majors will receive a B.A. or B.S. degree. Students who minor or double major in a natural science discipline will have the option to elect a B.S. degree (for example, ENV majors who minor in Politics will receive a B.A., etc.; however, ENV majors who minor in Biology may elect to receive a B.S.).

Students interested in teaching may obtain a Pennsylvania teaching certification in Environmental Education (PK-12). Requirements for certification include the successful completion of a major in Environmental Studies, a minimum GPA of 2.7 in Environmental Studies coursework, and other requirements as specified by the Ursinus College Education Department and the State of Pennsylvania. These additional requirements include further coursework, a minimum GPA of 3.0 in Education courses, an overall GPA of 3.0, any necessary Basic Skills exams\* (Reading, Writing, and Mathematics), Praxis II exams, and student teaching. Please work in close coordination with your academic advisor within Environmental Studies and consult the Ursinus College Education Department to coordinate your schedule to fulfill these requirements. \* **Note that the PDE now accepts SAT/ACT scores – see department staff for details.**
